PRESIDENT'S REPORT:

Donna received email regarding a TV series beginning in June to be aired on Time Warner Cable. The producer of the series would like to follow the progression of the training of agility dogs.

The Board agreed to allow Lois Apfel to purchase shirts to sell as a fund raiser items for tracking events.

Linda suggested that the club sell T-shirts with the club logo at trials. Donna will look into other items as well to sell at trials.

Patti Bott has requested to be reimbursed for an upcoming Jim Basic Seminar in June. Reimbursement is up to \$200/per trainer per year. Reimbursement will be given after the seminar.

Email by Patti Bott regarding the AKC trial in March expressed her concerns about poor ring set-up, unleashed dogs, and a trial that was unorganized. The Board agreed that there should be no unleashed dogs at the trials due to fines that could be imposed and other situations that could occur. The premiums sent out do state that dogs must be leashed or crated at all times.

The Board also agreed that future ring set-up should be the same for each trial. It was agreed that the best set-up was having the rings side by side in a North/South direction. Kelly suggested that a diagram be drawn and kept in a trial book showing placement of the rings, hospitality, vendors, etc. Rita motioned to have the diagram drawn; Debbie seconded. It was suggested that the diagram could be posted in the Agile Antics. Unanimously carried.

Regarding membership procedures & bylaws, Donna read the current rules regarding notification of dues. It was agreed by the Board to include in the Agile Antics a piece of paper that the member can pull out as a reminder to pay their dues. This will satisfy the rules that each member be notified of payment of dues.

Regarding membership applications, per AKC rules, member applications are to be read at one meeting and voted upon the next meeting. Also, the forms being used currently have only 1 sponsor signature; there should be 2 sponsors. The form will be changed to include 2 sponsors. The above issues will be published in the next Agile Antics to be voted upon by the membership at a later meeting.
